DP WORLD HACKATHON

A National Innovation Challenge

Dear Participant,

Congratulations on being shortlisted for Round 2 of the DP World National Hackathon. Your application stood out among an exceptionally competitive pool, and we truly appreciate the effort, creativity, and thought you have invested so far. As you advance to the next stage, this round is designed to further evaluate your ideas, approach, and execution capabilities.

The detailed guidelines and requirements for Round 2 are outlined in the document below.

Basic Instructions:

- The upcoming rounds will be held offline at BITS Pilani, Hyderabad Campus
- The details on how to reach the campus is provided in the document
- The details of on-campus accommodation are also provided within this document
- The timings and flow of events are shared under the “Event Schedule” and will be strictly followed.
- Participants will be asked to share a confirmation email, confirming their ability to be present at the venue.

How to Reach the Campus?

Address: BITS Pilani, Hyderabad Campus, Jawahar Nagar, Shameerpet, Kapra Mandal, Medchal District, Telengana, 500078, India

Airport (Rajiv Gandhi International Airport, Hyderabad)

- Participants may avail prepaid taxi services or app-based cab services (Uber/Ola) for a direct transfer to the campus. The estimated travel time is 60–90 minutes, subject to traffic conditions.
- Alternatively, participants may use the Pushpak Airport Liner service towards Secunderabad, disembark at a suitable major stop, and proceed to the campus via a cab or auto-rickshaw.
- Self-drive rental services are also available at the airport for independent travel.

From Secunderabad Railway Station:

- App-based cab services (Uber/Ola) are recommended for a direct and convenient commute to the campus. The estimated travel time is 45–60 minutes, depending on traffic.
- Public transportation via TSRTC buses towards the Medchal/Genome Valley region is available, followed by a short last-mile commute by auto-rickshaw or cab.
- Auto-rickshaws are available at the station; however, cabs are advised for greater convenience and ease of navigation.

The google maps link for the campus is attached HERE.
